SESSION ONE: Journey in Faith

To help the participants become aware that growing in faith is a lifelong journey begun at baptism and continuing down through the years.

SESSION TWO: Dying in Christ

To help us to see that to live in the light of Christ there are certain things in our life that we have to die to. Throughout the journey of faith in our lives we have opportunities to either live as Christ teaches or to turn to other things, whatever that might be.

SESSION THREE: Healing in the Community

The Church offers ways for people to experience the healing power of Christ. One of these is the Sacrament of Reconciliation; another is the Anointing of the Sick.

SESSION FOUR: Living Christ

To help the participants see how their journey now continues into their everyday lives. They will be asked to identify what will most help them live with Christ more closely.

SESSION FIVE: A Plan for Daily Life with Christ

To assist participants to make a concrete plan with which to leave the Retreat which will help them continue to live with Christ.
